Never short on support

DM Orthotics are world leaders in the design and manufacture of the patented dynamic movement orthosis. Our orthoses are specifically designed for the management of the physical effects of neurological, genetic and musculoskeletal conditions and are designed to help children and adults and can be personalised to every individual.

Custom and Essentials Shorts:

- Improved posture - improved pelvic stability
- Improved hip and knee extension
- Pain relief
- Improved muscle function
- Reduced external/ internal hip rotation (as required)
- And more!

Contour V available in Abduction and Adduction:

- Stabilisation of the pelvis and hips
- Improved joint position and muscle length
- Promotion of normal movement patterns
- Decreased muscle tension/spasticity
- Help to realign the pelvis which can help correct lower spine position
- Improved biomechanical alignment
- Increased comfort during the night (if worn at night)

ISHA

The Hip Preservation Society

Membership Categories

Join Today

Ordinary Membership

Is open to either surgeons or physicians who have a special interest in hip arthroscopic surgery who have been in clinical practice for a minimum of two years following accreditation (or equivalent) in their field. The Membership Committee encourages applicants who have demonstrated efforts in research, publications, or clinical leadership in the field, or by the presentation of a paper to the Society. Exceptions may be made following consideration by the Executive Committee.

Associate Membership

Is open to surgeons and physicians in training. This status will be confirmed by the Executive Committee and presented to the Ordinary Membership at an AGM or EGM for their approval. Associate Members are not eligible to vote on matters concerning the Society.

Affiliate Membership

Is open to those who are not surgeons or physicians and/or who do not possess a medical qualification. Affiliate Members are not eligible to vote on matters concerning the Society.

Membership Rates

ISHA Membership is offered on an annual basis running from 1 June to 31 May the following year. Members joining part way through a membership year will be charged a pro-rated fee for the 1st year of membership.

Fees, payable in British Pounds (GBP)

Ordinary Membership	GBP £270
Associate Membership	GBP £160
Affiliate Membership (Physiotherapist)	GBP £100

Payment can be made at the time of application by credit card on the application form, or bank transfer and standing order options are available.
